

MARCH NEWSLETTER

Greetings from Rose in Cambodia

The Conference in Singapore was very good, although I had a throat infection and could not speak, I felt quite ill but managed to join in with the others and team.

On the way from Siem Reap to Singapore

This is us, some of the Soaring team

at the Singapore Conference

It was great to see Tet again our team leader, she is doing fine waiting for a MRI scan.. It was good to hear what the other missionaries are doing in different nations.

Also to be revived spiritually and physically again.

Thank you for your Prayers

God Bless, Love and prayers
From Rose in Cambodia

These ladies played tambourines and danced in perfect harmony, it was beautiful to watch.

Also managed to go on outings round Singapore especially enjoyed Marina Bay. The traffic and the powerful cars are very fast, and Singapore is expensive compared to Cambodia. But very clean.

Children working in different (classrooms) my class writing.

The schools in the villages are going well, although hard for the kids, and also to teach kids when they are on mats as they are doing writing now in books so trying to think of a solution to solve the problem for now.
